## FROM THE HEADMISTRESS

Dear Parent,

This year has truly been a whirlwind! As we wrap up I would like to extend a thank you to everyone for all the co-operation and support. Summer season is the most entertaining season for kids. They love it because they can spend their day playing and travelling with family. Holidays are the best time to teach kids to be responsible. Allocate specific duties like watering plants, tidying up the room etc. Doing small jobs for the family makes the children feel important as it gives them a sense of belonging. Reading is a 'sport' with a 12 month season. So please ensure that your child makes it a point to practice every day. Keep them entertained, active and out of trouble.

Have a fun-filled summer vacation.
