*Cr. No. RCJPS/P033/2021-22*

*27 October 2021*

Dear Parent,

The long awaited 're-opening' is here as the government has directed to re-open schools from 01 November 2021 with huge challenges, anxieties and on the other hand a big relief.

The guidelines issued by the General Education Department, apply to Christu Jayanthi as well and hence we have prepared the SOP and guidelines for students which is to be mandatorily adhered to.

In view of the above and in line with the government directives we will re-open for the senior grades, to begin with, re-opening being inevitable for academic and non-academic reasons. The pandemic and the closure of schools forced deliberation over alternative ways of teaching and we adjusted to a quite unfamiliar platform successfully. The school did rise to the occasion and did everything possible to ensure that the most important stakeholder, the child, did not lose out on learning. To us educators, that will always remain our paramount concern. We are glad to have our children back though the challenges are many. Let us together ensure the safety of our students and teachers as we open the doors of our school after a long wait.

Priority will be given to the senior classes appearing for the boards at their respective levels. Getting the students back to school mode, out of their digital comfort zones, back to socialisation and importantly to appear for public examinations in a different environment is absolutely necessary. It is mandatory that these students attend their Pre-boards and remedials in a physical setting before the boards, as all examinations for the seniors this year will be offline.
